

## STELLAR FOOD + COSMIC DRINKS

Welcome to Kas and Poly,  
where culinary artistry meets celestial wonders.

We serve a one-of-a-kind No Borders Mediterranean cuisine inspired by the enigmatic Gemini Twins – Castor & Pollux. With the captivating motto: "Stellar Food + Cosmic Drinks," we aim to transport you into a realm where gastronomy intertwines with the magic of the cosmos.

Our concept hinges on the 12 Zodiac Signs to plate the best food that suits your sign. It's a place that merges the symphony of Mediterranean, Turkish, Greek, Spanish, and Italian flavors and the celebration of each personality who will dine here.

At Kas & Poly, we believe that the stars hold the key to a unique dining experience.
